

# JEREMIE ALBINO

## *Biography*

---

There's no counting the worlds Jeremie Albino has travelled to get to where he is today, and no telling which ones he might head to next. Born and raised in the bright and booming metropolis of Toronto, his heart led him out of the city and into Prince Edward County, where country living and a decade of working on farms gave him the time and space to hone his songwriting skills. His music nods to all manner of troubadours who rambled down similar paths throughout history—he nods slyly to the legendary blues singers who inspired him, offers a soft and insightful touch with his folk songs, and stomps and swaggers through soulful rock 'n' roll. But Jeremie Albino is a natural and an original, created by an alchemy that favours, above all else, that most mysterious and coveted of qualities: heart.
