

GARZA

GARZA is a collaborative musical experience conjured up by Rob Garza, one-half of the pioneering electronic outfit, *Thievery Corporation*. His new project is a deep reimagining of a process featuring a collective of artists, musicians and producers. With multidimensional music and a convergence of genres; it blends, merges and melds together into one singular experience.

Like Thievery Corporation, **GARZA's** live show features exciting singers, both male and female, multi-instrumentalists and percussion, all over electronic beds...and, of course, eponymous band leader Rob Garza on keys, guitar and DJ.

GARZA's debut EP, *Where the Moon Hides*, hits Nov 22, with two singles already out; the remarkable "Deep Blue" and "Be My Home," all on Rob Garza's own Magnetic Moon label, in partnership with InGrooves/Universal. In Spring 2020, **GARZA** will release the second EP of the collection with another five new tracks.

GARZA will tour full-time and internationally throughout 2020 to connect the brand with both existing *Thievery Corporation* fans and new ones coming from new releases and associations with the exciting featured artists on both EP's.

A **GARZA** live show will feature new material from both the current and future EP's, as well as classic songs from the enduring *Thievery Corporation* catalog.

Rob Garza and **GARZA** look forward to seeing you in 2020.
